mission statement

- Promoting and enhancing the economic growth and quality of life in Richmond
 - Advocating for the business community in governmental affairs
 - Building value and purpose for our members through education, networking and the fostering of business relationships
- Serving members with relevant and affordable benefits and business services

message from the chair and executive director

We, at the Richmond Chamber of Commerce (RCC) are proud to present the 2013/14 Membership Directory. This year's publication includes completely updated content, as well as a comprehensive section of benefits available to our members.

A central tenet of RCC is the encouragement of members to support their fellow members by shopping locally. We implore you to refer often to this directory in your search for goods and services. Once again, you are able to access the directory in its

traditional printed form, as well as virtual electronic format.

The Richmond Chamber of Commerce endeavours to provide our members with the benefits and business building tools they need today, whilst laying the groundwork for a successful and prosperous future.

In the coming year, we hope to further our relationships with existing affinity partners and build new relationships, which help bring meaningful value to our member businesses. The recent development of a member driven coupon page on our website has proven to be a great success, with many members promoting their services or taking advantage of those offered.

Additionally, our networking events and seminars continue to be a cornerstone of business building in Richmond. Our monthly networking events offer powerful venues to grow your contact base. Our regular

seminars and speaker events give local business leaders the opportunity to expand their knowledge and stay informed of recent developments. Networking is the most common reason given when members are asked why they joined the chamber - we are proud to offer a wide array of means to fulfill this goal and build community prosperity.

Our advocacy efforts, on behalf of our members, build on our past successes and pave the way for a healthy tomorrow. This year, we continue to develop air access policies, and work to improve transportation along the Fraser River and George Massey Corridor.

This is an exciting time to be living in Richmond and we need to work together to ensure that the choices we make today will benefit Richmond tomorrow. On behalf of the Executive Director, the Board of Directors and the staff of the chamber, we would

working for you

The Richmond Chamber of Commerce has been serving the Richmond business community since 1925. We are a member based, non-profit organization; part of a national network with the British Columbia and Canadian Chambers of Commerce. In B.C. we collectively represent the interests and concerns of over 125 chamber organizations, made up of 36,000 businesses, and across Canada we connect to a network of over 420 chambers, representing nearly 200,000 businesses of all sizes, in all sectors, in all regions. The voice of the chamber movement provides the business community with a united voice, addressing important local and global issues affecting commerce.

A strong membership ensures that we can continue to work on behalf of our members to help them prosper by creating results for their

business, and thus building a thriving local economy and community.

This year's 2013/14 Membership Directory is designed to make it as easy as possible for our members to connect with one another. To facilitate this our Membership Directory lists members under two classifications: Membership by Category and Index by Company and includes complete addresses, phone numbers, e-mail addresses and website listings to ensure that you find the information you need quickly, no matter where you look.

New to this year's directory is a comprehensive chamber benefits section. We encourage all our members, and future members, to explore the benefits of membership and discover the vast savings opportunities the Richmond Chamber of Commerce membership can provide to your

message from Mayor Malcolm D. Brodie

I am pleased to extend appreciation to the Richmond Chamber of Commerce and offer a warm welcome to its members on behalf of the City of Richmond.

Richmond is currently anchored in a period of growth that will see

our population increase from its current 200,000 to 280,000 by the year 2041. This evolution is part of a larger, long-term growth strategy for the region – it comes with a range of challenges as well as opportunities to set the bar high to ensure that healthy and sustained economic, social and environmental goals are established and achieved. The Richmond Chamber of Commerce, and you as members, play a significant role in this transformation.

Looking at Richmond's steady economic growth, we currently see over 14,000 businesses operating in Richmond. With our key business sectors being aviation, aerospace, technology, education, recreation, tourism and transportation, Richmond is home to many innovative, forward-looking businesses that address sustainability concerns

such as waste reduction, alternative energy, food security and increasing social needs. Richmond has one of the highest job to worker ratio in the Metro Vancouver region. As of July 31 the year-to-date construction value of building permits issue or underway in Richmond is \$563 million.

Last year, we updated our Official Community Plan, which sets the groundwork for future growth in Richmond through to 2041. We paid special attention to ensure that land use and social development reflect the needs of our residents and business community. We commit to working closely with other levels of government to develop infrastructure and services as needed. From the perspective of our Sister Cities and Friendship Cities, we continue to develop our important existing and

new business opportunities for Richmond.

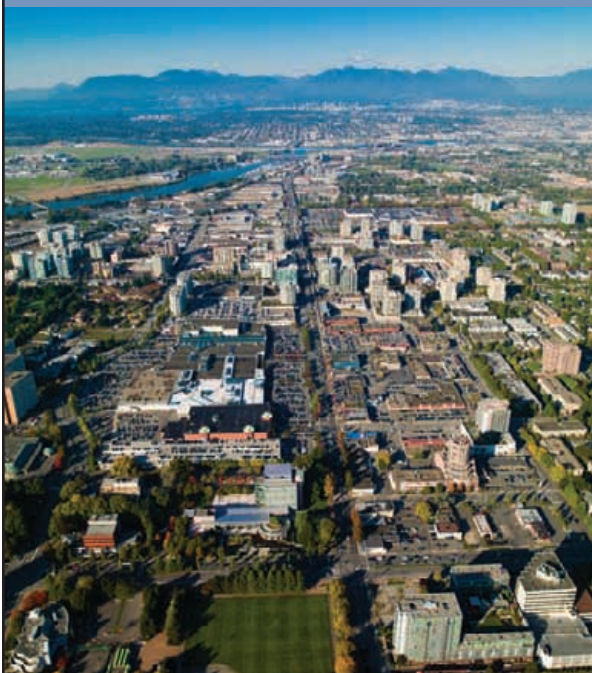

Working together to encourage new economic development, we can productively achieve ongoing prosperity as we strive to make Richmond an even better place to work, live, visit and do business.

I extend the city's appreciation to all the contributors and users of the 2013/2014 Directory

committees

The Richmond Chamber of Commerce is a Not-for-Profit organization and as such our board is a working board. Our Directors are active on various committees and we always welcome the participation of our members on a committee(s) of their choosing. Committees are a great opportunity to expand your ideas and become active within the Chamber of Commerce.

POLICY ADVISORY COMMITTEE

Healthy and vibrant businesses are part of the fabric of any great community. In regular meetings with municipal leaders and staff, MLAs and MPs, the chamber strives to provide a strong and constructive influence on public policy on a variety of issues that support our members and a healthy business environment.

"The Richmond chamber is becoming an increasingly respected and influential voice in the policy arena, with all levels of government."

- Howard Harowitz, Chair of the Policy Advisory Committee

TRANSPORTATION ADVISORY COMMITTEE

Committee members discuss transportation related issues that are relevant to Richmond businesses and the community at large. Members share information on items related to their particular business, as well as studying information from the media and government.

"Good transportation is a necessity for a community to be vibrant. Richmond has it all; roads, transit, air, rail and port!"

- Former MLA Doug Symons, Chair of the Transportation Advisory Committee

The Richmond Chamber delegation at the 2013 B.C. Chamber of Commerce Annual General Meeting policy session in Nanaimo.

INTERNATIONAL BUSINESS COMMITTEE

Mandated to expand and facilitate international business opportunities for the Richmond business community. In this last year alone, RCC hosted visiting delegations from Bosnia Herzegovina, China, Hong Kong, Indonesia, Italy, Malaysia, Morocco, Thailand, Philippines, India, Poland, Trinidad & Tobago, United Kingdom, USA, & Vietnam.

"We continue to build on the Friendship agreement established by the Richmond Chamber of Commerce and the Xiamen General Chamber of Commerce and the importance of the Asia Pacific region."

- Craig Jones, RCC Executive Director

GREATER CHINA EXCHANGE SUB-COMMITTEE

The GCE committee aims to stimulate interaction between mandarin speaking business people new to the Richmond business community and chamber members. All functions are conducted in both english and mandarin to engage new immigrants and educate them about the great value the Richmond Chamber of Commerce can bring to one's business.

"Our networking events have been instrumental in promoting cross cultural integration and enhancing business collaboration in the community."

- Christine Lim, Chair of the GCE Committee

MEMBERSHIP COMMITTEE

The mandate of this committee is to promote membership engagement activities and develop retention programs. The membership committee helps to promote chamber activities, benefits and programs to new & existing members.

"The membership committee continues to look for new ways to engage members and businesses in Richmond and to provide value added services to our chamber members."

- Lena Hutzcal, Chair of the Membership Committee

AMBASSADOR'S CLUB SUB-COMMITTEE

The Ambassadors Club specifically helps new members navigate through their first year of membership and liaise between members and chamber staff to help new members connect with other members.

"Our goal is to ensure that new and existing members are getting the most out of their membership."

- Nancy Jung, Chair of the Ambassador's Club

COMMUNICATIONS COMMITTEE

Staying in touch with our 1000+ members is one of our top priorities, and we're always working hard to improve how we communicate with them. The communications committee is continuously exploring how best to reach members via email, e-newsletters, the web & the ever evolving social media landscape.

"Having ones message effectively communicated in the current online world is becoming more and more challenging, and all business and organizations must strive to continuously hone their message."

- Matt Pitcairn, RCC Manager of Communications and Policy

BRITISH COLUMBIA AND CANADIAN CHAMBERS OF COMMERCE

Did you know that as a member of the Richmond Chamber of Commerce, you are also a member of the British Columbia Chamber of Commerce, and therefore the Canadian Chamber of Commerce? The B.C. Chamber is the largest, most broadly-based business organization in the province and the only organization with a unique, grass-roots policy development process which allows for advocacy at all levels of government. The Canadian Chamber is unique because it is the only voluntary, non-political association that has an organized grass-roots affiliate in every single electoral riding in the country. Representation by these organizations provides our members with a strong, collective voice at both the provincial and federal government levels.

The voice of the chamber movement provides the business community with a united voice, addressing important local, regional, and global issues affecting commerce. A strong membership ensures that we can continue to work on behalf of our members to help build a robust economy and strong community.

POLICY AND ADVOCACY

One of the primary roles of the Richmond Chamber of Commerce is to be the voice of business in shaping public policy and legislation at all levels of government. The specialized, in-depth knowledge and skills of our membership empower RCC to influence the policy making process. If your business has an issue that needs to be addressed and will benefit everyone in your industry, RCC advocacy is a proven and effective way to get your message across. All RCC members are welcome and encouraged to get involved in advocacy.

The chamber's Policy Advisory Committee, supported by the Board of Directors and staff, was particularly successful in the policy area this past year passing various policies at the provincial and federal level:

- **Fraser River Navigation Management**- As a driving factor in Canada's national economy, and the backbone of the province, RCC advocates that the Fraser River must be maintained to ensure economic prosperity for generations to come.
- **Fraser River Flood Management**- RCC asserts it is critical that the provincial and federal government begin working with local governments and First Nations to develop a proactive, long-term flood management strategy to maintain the very powerful and harnessed Fraser River and ensure public safety.
- **Intermunicipal Mobile Business License**- RCC believes that the benefits of Intermunicipal mobile business licenses to local governments, business, and residents have been successfully demonstrated by the successful pilot projects and continues to advocate the urgency of further expanding this initiative across the region and entire province.
- **Increased Air Access**- As home to the Vancouver International Airport, RCC firmly believes that the federal government must adopt more liberalized air access policies to create a fair opportunity for those willing to provide air access to Canadian cities.

An underpinning to our success has been a concerted and ongoing effort to grow and strengthen our relationships with elected officials at all levels of government. To that end, we continue to:

- Meet with Richmond's Mayor and various Council members over the course of the year
- Convene quarterly meetings with the three Richmond MLAs
- Convene semi-annual meetings with two Richmond MPs

By ensuring an open and mutually respectful dialogue with our government representatives, we are able to bring forth the priorities and concerns of our members in a constructive and impactful way.

CANADIAN BMW DEALERSHIP AWARDED MOST SUSTAINABLE WORLDWIDE

Auto West BMW

autowestbmw.com

The Ultimate Driving Experience®

At this year's prestigious BMW Sales Excellence Award Ceremony, situated at the BMW Museum in Munich, Germany, "The Most Sustainable BMW Dealership in the World" title was given to Auto West BMW. This highly esteemed award recognizes dealerships worldwide who are paving the way for a greener future.

Auto West BMW is a family-run business that dates back to the late 60's as the original importers of BMWs into Western Canada. After opening their new state-of-the-art dealership in 2007, Richmond-based Auto West BMW is now considered one of the top dealers in the world, while leading as the most sustainable one. It was also recently featured as one of Canada's Top Green 30 Companies for 2013 in the Maclean's Magazine.

Joachim Neumann, President of Auto West BMW and the Auto West Group, is devoted to promoting environmental awareness and sustainability through his dealership network. "This sustainability award plays a crucial role in promoting the principles of environmental responsibility to an industry that's considered to be very wasteful," says Neumann. He adds, "Auto West Group is committed to developing a greener environment for Canada – one project at a time."

To learn more, visit www.green.autowestgroup.ca, which includes more in-depth videos on each sustainability feature.

Canada

In this past year, the Richmond Chamber of Commerce has embarked on an exciting new way to serve our members better – a complete update and rebranding of our website.

MEMBER TOOLS

We understand that the success of your business means becoming more efficient, productive and connected, and we strive to bring you all of that with our website.

The new RichmondChamber.ca allows our members to pay their bills online, update their profile information, submit their answers for surveys, and other pertinent events, as well as connect with their fellow chamber members.

Our Events page allows you to view upcoming events and register immediately for the ones you would like to attend; with a few clicks, your name goes on our registration list. You can even pay in advance online, skipping registration lines on event day.

RichmondChamber.ca helps you do what you need to do, quickly!

VISIBILITY

The new RichmondChamber.ca is your key to the Richmond business community. There, the world is connected to our members who are displayed in the interactive directory. We encourage members and the public, who are looking for responsible, community-minded businesses, to use the online directory and find those amazing members with a few strokes on the keyboard. Our members receive an average of over 1000 views of their profiles every month!

Promoting your business online has never been easier. Every chamber member is now able to post coupons and discounts as an included benefit of their membership. These online coupons can be printed, emailed, or shared on social media. The chamber also includes a booklet of active online coupons in all new member chamber packages.

Community Event postings are another excellent tool our members have to advertise their upcoming events online. Community Events are featured on the home page and often used in the *Around the Chamber* section of our e-newsletter.

UPDATES

If you ever wonder what the important updates are for business in Richmond and British Columbia, look no further than our News page. Here, we

The Richmond Chamber of Commerce website provides a number of different services for both members and non-members.

post pertinent stories from around the province regarding the chamber movement, changes to legislation, important member milestones, interviews featuring the chamber and much more.

This is your chamber and this is your news!

For up-to-the-minute updates on local goings-on, take a look at the Twitter feed on our homepage. Our staff regularly scans the headlines and posts relevant information for you and our entire community.

REFERENCES

RichmondChamber.ca provides a service to you and the community. Our Business Resource Centre section is a hub of information for the aspiring business owner, importer/exporter or local entrepreneur.

If you are shipping commercial goods to China (or many other countries), you will be asked to provide a Certificate of Origin with your shipment. The chamber makes it easy; we provide downloadable templates, instructions sheets and requirements to get your shipments all over the world, securely.

If you are an aspiring entrepreneur making those tentative first steps into commerce but aren't sure where to start, our website will be your first stop. RichmondChamber.ca provides all of the basic information a new business needs to get up and running.

Knowledge of business, sufficient capital, foresight, experience, and a unique idea at the right time, are just some of the characteristics of a successful business person. Although there isn't any way that you can guarantee success, you can greatly improve your odds by becoming well-prepared for the task.

The Richmond Chamber of Commerce is a valuable resource for the Richmond community and our membership. Our Business Resource Centre provides a myriad of information and helps budding entrepreneurs, as well as seasoned business veterans.

STARTING A BUSINESS

Entrepreneurship is easy for almost no one and a guiding hand is greatly appreciated. At our office, walk in customers are given a crash course in starting and registering their business in British Columbia.

The main feature of our service is guiding these entrepreneurs through the name approval process.

In the past year, the Business Resource Centre processed 334 Name Approval Requests. That number represents an average of 1.3 aspiring business owners whom the chamber helps daily.

In addition to aiding in name requests, the Business Resource Centre provides our members and the community with a vast supply of information. When you take a look around our front office, you'll see the walls covered in pamphlets and information cards. These aren't just for decoration. Our front office staff knows how to direct entrepreneurs to financing opportunities, mentorship programs (through the Canada Youth Business Foundation among others) and the resources they need to ensure their success.

MEMBER REFERRALS: THINK LOCAL

In the past year, the RCC has begun managing our member referrals with Front Desk, a web based program, which helps us refer clients to your business and helps you keep track of your incoming clients.

Weblink, our new database management tool allows our member to view the exact number of views their online directory listing receives in a given period of time. The average number of views each of our members received in the month of August alone was well over 1000.

Member promotional materials are also kept in the front office for the use of walk in customers and members alike.

CERTIFICATES OF ORIGIN

A Certificate of Origin is a document required by many countries to be sent with any import. RCC helps our local exporters and freight forwarders by processing these certificates of origin in a timely manner, for an affordable rate.

During the past year, our Business Resource Centre has processed over 2800 document sets, for shipments headed all over the world. We have seen a steady trend upward in the past three years, indicating that the export sector of Richmond's economy is experiencing healthy growth.

HEARTS AND MINDS

Since it was launched in the fall of 2011, the Richmond Caring Companies program has been capturing the hearts and minds of business leaders throughout the community.

The hearts, well, that part's been easy. Richmond's electric with entrepreneurial energy, and businesses are eager to channel that energy into projects that will have a positive impact on the community.

Sometimes, though, they don't know where to begin. They have so many ideas, so much enthusiasm, but they're lacking focus and structure and a clear goal. Giving back is harder than it looks.

It's at this point that we introduce businesses to the Caring Companies program, presented by the Richmond Chamber of Commerce in partnership with Volunteer Richmond Information Services and Ashton Service Group. Through a series of workshops and one-on-one consultations, the

The program was a great experience for our team. The sessions were very valuable as they provided structure and clarity to our charitable works.

- Scott Russell,
Sutton Realty Group - Seafair Realty

program teaches businesses how to maximize the impact of their charitable efforts. It shows them how proper planning and clear policies can lead to a more effective community engagement strategy, and how such a strategy can make the act of giving back more rewarding and meaningful for employees.

That the Caring Companies program has enjoyed such a positive reception clearly shows that Richmond businesses have their hearts in the right place, that community matters to them. But the heart and the mind aren't always on the same page. Giving back may feel good, but does it make sense from a business perspective? The Caring Companies program goes to great lengths to provide an answer, and it's a resounding "yes."

Profitability, productivity, customer loyalty, employee morale: businesses use any number of metrics to measure success. It has been

shown time and time again that each of these metrics increases when a business becomes more involved in the community. The Caring Companies program illustrates these benefits with anecdotes, case studies, and statistics, which, taken together, form an undeniably strong and rational argument for giving back. It's an argument that's won the minds of business leaders in Richmond, and indeed, around the world.

Because this is, in the end, a global movement. The socially engaged business is quickly becoming the new normal. It's not a fad or a trend – it's the future. And we believe that Richmond businesses should – and will – be at the vanguard. We just have to keep winning more hearts and minds.

To learn how to participate in the Caring Companies program, call Volunteer Richmond at 604-279-7020 or visit www.volunteerrichmond.ca.

testimonial

"As a chamber Ambassador, it's part of my duty to mentor new members and attend networking breakfasts, as well as other events like 9 & Dine golf and the Business Excellence Awards. I've had great success with the many contacts I've made through the chamber and take pride in helping new members make the most of their investment."

Leaders In Our Community

People. Building. Progress.

Richmond Olympic Oval

Part of the community in which we build.

We support people where we live. We are responsible to our community since we live here too.

membership by category

The last two sections of the 2013/14 Richmond Chamber of Commerce Directory list membership by category, and index by company name. The membership by category section identifies members by the sector/industries in which they specialize. Listings include company name, address and contact information. The index by company name lists members by company names in alphabetical order, and includes their primary delegate and phone number.

Throughout these sections, you will see members whose names are highlighted in blue. This identifies supporters of the Richmond Chamber business directory who purchased advertisements, as well as members who participated in the 2013 Summer Referral contest.

We hope that this membership directory will prove useful in helping you connect with other fellow chamber members, and help keep the local economy flourishing in the business community of Richmond. These pages display some of the finest businesses Richmond has to offer. We hope that you will refer to this directory often in the coming year.

Downsizing? First Time Homebuyer? Seniors & Estate Sales? Merging families or upsizing? Our lifestyles are always changing and when they do, it's good to know you are in good and competent hands with your real estate needs. My real estate business has been established since 1985 and my experience will effortlessly guide you through the home buying and selling process. I will be right by your side from beginning to end and any amount of questions you have will be answered. I live and have raised my family in Richmond and it is a great place to call home. Find me on Facebook at Diane Cardoso Real Estate or check out my listings and blogs at www.DianeCardoso.com. I look forward to meeting with you and helping you find your dream home!
